**RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT AND
SUPPLEMENTAL AMENDMENT**

Dear Sir:

On August 2, 2007, a response to an office action was timely filed in the USPTO together with a petition for a two month extension of time.

On October 9, 2007, a requirement was made to provide Sequence ID information. The response filed October 31, 2007, sought to update the specification; however, it did not accurately reflect the amendments to the claims entered August 2, 2007. This supplemental amendment seeks to amend the specification in the same manner as set forth in the October 31, 2007 response. It is requested that the amendment filed August 2, 2007 be considered, and that this supplemental amendment which implements the specification corrections filed October 31, 2007 be entered and considered.

Amendments to the Specification: begin on page 2
